

Printec 284

Key Performance

- Advanced Technology with Dual Core System:
 - Absorption Core provides a softer face (carpet pad) to prevent edge cutting. Allows blanket to lay down a nice solid and provides a more controlled sheet release
 - Power Core has a tighter radius and has a less adverse reaction to torque. Acts as a shock absorber and allows the blanket to take a bigger hit
- High printing quality and longer life
- Suitable also for packaging applications (printing on paper and cardboard)

MAIN APPLICATION

Sheetfed, Packaging

Printec 284 is available in 3 ply 1.99 mm thickness

Printec 284

✓ The product at a glance

INK COMPATIBILITY	Hybrid
PRINTING SURFACE COLOUR	Dark Blue
THICKNESS (mm)	1.99
AVERAGE LOAD VALUE N/cm² @ 0,20 mm Indentation	90-140
SURFACE ROUGHNESS Ra (micron)	1.0
